WHITE-LABEL CUSTOMER OUTREACH AND DATA COLLECTION SERVICE
Mar. 2021

- Worked with internal and external teams to scale the outbound mail capability of the email server by 100%.
- Solved memory and capacity issues of AWS RDS database (DB) by designing a model that would seperate responsibilities of the main DB server while staying in line with the business's budget.
- Explained our solution to stakeholders and how it would best fit their current business model.

SERVICE PROVIDER APP FOR RELATIONSHIP ISSUES
Jun. 2021

- Led an internal and external team of developers and designers through a multichannel product consisting of a native application, website landing page, and a custom admin panel for maintaining its database.
- Worked with both stakeholders and team members to create a scope management plan to define deliverables and maintain expectations.
- Instructed client on how to use and operate the custom admin panel and import system through both workshops and documentation.

Experience

Founders Approach
Baltimore, MD

PROJECT MANAGER
Dec. 2020 – Present

- Utilized communication and project management software such as Trello, Slack, Github, and G-suite to lead both native and web application projects.
- Guided stakeholders through planning, design, devolopment, testing, launch, and maintenance of software applications while utilizing the cost efficiency of international development teams.
- Met with both the senior project manager and co-founder regularly to discuss client relations and project status.
- Maintained, monitored, and in some cases, launched servers and other cloud services for use on projects.
- Assisted in architrecture and design of technology stacks and cloud infrastructure of projects.

M&T Bank
Baltimore, MD

LICENSED BANKER
Aug. 2017 - Aug. 2020

- Performed routine audits for both federal and internal regulators.
- Built customer trust through providing solutions to financial needs.

Burch Roofing Company
Florence, SC

ASSISTANT PROJECT MANAGER
Jun. 2014 - Oct. 2016

- Drafted and presented proposals to potential clients.
- Acquired needed permits and licenses for project sites.
